SOCIETY.

A delightful dance for the Junior Cotillion set of this city and all the college boys and girls now home, after a winter's absence, has been arranged for this evening, under the capable direction of Prof. George M. Delbrugge. Meister's orchestra has been engaged and the Casino caterers will furnish the refreshments. The music for the first dance will be tuned at 8:15 and continue until 12 o'clock, when cars will be found at the Casino entrance. Mrs. E. S. Bloch, Mrs. B. Walker Peterson, Mrs. John P. Sweeney, Mrs. Alexander Glass, Mrs. Alexander Campbell and Mrs. Jacob Wilson Grubb will be the chaperones of the young people, while all the parents interested in the enjoyment will be cordially welcome. The affair promises to be unusually gay. All young society and its visiting guests will be on hand.

Miss Alice McCabe will entertain the Married Ladies' Euchre club to-morrow morning, at the McCabe family residence at Pleasant Valley. The guests will leave the city on the 9 o'clock motor on the Elm Grove road.

The last of the series of Cotillion dances arranged for the older set is booked for next Tuesday evening, July 5, at the Wheeling Park Casino. As usual, the event is eagerly anticipated.

Mrs. William B. McMeen and daughter, Miss Dorothy, are home from a prolonged absence spent in traveling and visiting relatives in the East. The family is now quartered at the McLure.

The Spinners had a delightful informal meeting at the Delaplaine residence

on North Chapline street, Tuesday evening, complimentarily welcoming the home coming, after an extended absence abroad, of Miss Hilda Delaplaine, one of their most popular associates.

A LITTLE life may be sacrificed to an hour's delay. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry always on hand.

WILL PUSH DEMAND FOR MORE WAGES.

Stogie Makers Will Insist on an Advance Going Into Effect Next Monday.

TWO FIRMS CONCEDE DEMAND.

A Strike Will be Declared on the Shops Failing to Make the Concession.

At a well attended and representative meeting of Garfield local No. 1, of the "National Stogie Makers' League," last night, at the trades assembly hall, it was decided to stick to the advance in wages asked of the local manufacturers. The stogie makers are now paid \$1.25 per 1,000 stogies and they have asked for \$3.50, the increase to go into effect after July 1. They are confident of success.

Wheeling, which is the keystone and the capstone of the stogie industry, and which is fittingly termed "Stogietown," has about 475 men who make a living rolling out the seductive smokes, and as all of them are in the union it will be seen that their demands have weight. On the other hand, the stogie manufacturers are without an organization and their status with reference to the wage advance is hard to forecast. Attempts to form an association of the manufacturers have always proved futile, a jealous rivalry being cited as the cause for failure in this direction.

The wage agreement existing is not in the form of a scale. The manufacturers are treated with individually, and as soon as one agrees to pay the increase demanded his employees will begin work, and so on in turn. The manufacturers have not gotten a conference committee in shape yet, for the reason that one must be seen and then another, but as stated in yesterday's Intelligencer exclusively, a number of them conferred Monday night with the stogie rollers without a definite conclusion.

The probability of a strike hinges on the steps to be taken by the manufacturers before Monday. It is conceded that two of the leading firms in the city will pay the increase and the men express their confidence in the others falling into line eventually. Last night's meeting of the men was a unit for a strike in the event of the employers' refusal to pay the increase, and a strike will be ordered Monday morning on those failing to do so. The manufacturers that have agreed to the rate of \$3.50, an increase of twenty-five cents per 1,000 stogies made, are Messrs. Augustus Pollack and Hugo Loos.

A stogie maker last night said that the average wages of his craft was \$12 a week, or \$9 if the idle time in a year was considered. In some shops the men made from \$16 to \$20, but not in all, it depending on the quality of the tobacco leaf furnished. He conceded that Wheeling stogie makers got twenty-five cents a thousand more than the trade in other towns, but said that this difference had always been maintained and that the stogie makers in these towns would follow the pace set by Wheeling and ask for a proportionate advance.

ORDINATION AT CATHEDRAL.

A Wheeling Boy to be Elevated to the Priesthood.

Rev. Edward Enos Weber, the youngest son of Mr. and Mrs. Melchior Weber, of 138 Eighteenth street, will be elevated to the priesthood next Friday morning, at 10 o'clock. The Rt. Rev. Bishop P. J. Donahue will celebrate the mass of ordination, and he will be assisted by many of the clergy of Wheeling and neighboring towns. Several little nephews of Father Weber will serve as altar boys. The newly ordained priest will sing his first solemn high mass at the Cathedral on next Sunday morning. Rev. William C. Hall, a former class-mate, will preach the sermon.

In Clerk Robertson's Office.

The following matters were admitted to record by Clerk Robertson yesterday:

Deed dated June 21, 1900, between August Kirchgesner and wife to Albert J. Frick, twenty-four feet of lot No. 3, in square 5, in Carroll and Baker's division; consideration, \$225.

The Pittsburgh, Connellville & Wheeling Railroad Company, of Pennsylvania, filed a deed wherein the company is consolidated under the laws of West Virginia, assuming all assets, liabilities, franchise grants. The directors given in the deed are: Messrs. Alex. P. Funck, Edgar A. Holmes, S. G. McFadden, Francis A. Kimball, A. C. Brown, John T. Wilson, C. B. Ferrell, J. L. Homar, Charles O. Brown, W. T. Tredway, H. E. Lineweaver, Al. P. Meyer and C. A. Weaver, of Moundsville. Frank C. Cox, of Wheeling, was named as power of attorney.

Marriage licenses were issued as follows:

William Weiss, aged twenty-two years, and Blanche Fletcher, aged twenty years, both of Wheeling.

Jasper Goshorn and Lora Talkington, both aged twenty-four years, of this city.

Marlin Birch, aged fifty-three years, and Ken Bussey, aged thirty-seven years, both of Wheeling.

Tappan McGee, aged thirty-two years, of Benwood, and Dora Bartollas, aged thirty years, of Wheeling.

After Many Years.

Charles L. Peffer, of Indiana, Pa., and Mrs. Priscilla Glinze, of Kansas City, Mo., were married in this city yesterday by Rev. J. C. Berries, the ceremony being performed at the residence of the officiating minister, on North Fourth street, says yesterday's Steubenville Herald-Star. There is a tinge of romance connected with this marriage inasmuch as the bride traveled alone from Kansas City to meet her future husband in Steubenville, where the ceremony was performed by Rev. Berries, the groom's former pastor. Mr. and Mrs. Peffer were lovers years ago, but drifting apart the lady went west, where she married. Her husband having died several years ago, Mr. Peffer renewed his suit and was accepted.

THIRD PRIZE TAKEN

By the Knights of St. George in the Philadelphia Competitive Drill.

The decision of the judges in the competitive drill of the Knights of St. John, who are holding their international convention at Philadelphia, was announced yesterday. The drill came off Tuesday afternoon, but owing to the closeness of the leaders the decision was reserved until yesterday. The first prize was awarded to Rochester, N. Y., the second to Buffalo, N. Y., the third to Wheeling and the fourth to Erie, Pa.

The result caused keen disappointment in this city and the friends of Knights of St. George Commandery, No. 44, which was the competing company from Wheeling, said that the first or second prize at the convention was always handed out to commanderies from New York state. The Wheeling boys drilled faithfully for the contest for weeks and worked hard to attain the finish that was so flatteringly commented on at Philadelphia, and it was confidently expected that they would get first place. Last year at Detroit they got third place. This is a proud position when it is considered that the convention is attended by thousands of Knights, but the admirers of the local crack drill organization think that first place was none too high for them.

"GROWN UPS"

Join With the Children.

"The doctor said to my husband, 'You must stop both coffee and tea, as your nerves and kidneys are in a very bad state. You can use Postum Food Coffee, for there is nothing healthier as a drink.'

"I bought a package of Postum, made it according to directions, and it was splendid. Husband quickly got well, and cannot say enough in praise of Postum. We have used neither tea nor coffee since. One day a short time ago a friend took dinner with me and asked for a second cup of that delicious coffee. She was surprised to hear it was Postum, as she had tried Postum before, and it was weak and tasteless, but when she found out that it must be boiled quite a long time in order to bring out the food value and the taste, she adopted it, and is now using it entirely. Her children as well as the 'grown-ups' are delighted with it.

"I was formerly troubled with kidney complaint myself, but that has all disappeared since I have been using Postum and quit coffee. Please do not make my name public." — Pittsburg, Pa.

A BEAUTIFUL COMPLEXION FREE

Mme. A. Ruppert's World Renowned Face Bleach almost Without Cost
No matter how Blemished the Skin, Face Bleach will make it perfect.

Madame A. Ruppert says:

"I know that are many ladies who would like to try the merits of my Face Bleach, but on account of the price, which is \$2.00 per bottle, or three bottles for \$5.00, have had some hesitancy in spending that amount to convince themselves of its great value. Therefore, during this month, I will depart from my usual custom and offer to all a trial bottle, sufficient to show that it is all that I claim for it, for 25 cents per bottle. Any reader of this can send me 25 cents in stamps or silver, and I will send them a trial bottle of my world-renowned Face Bleach, securely packed in plain wrapper, sealed, all charges prepaid. An opportunity to test so much of a remedy at so slight a cost is seldom offered, and I trust that the readers of this will take advantage of it at once, as the offer may not be repeated."

Madame A. Ruppert has now before the public for over twenty years as the greatest Complexion Specialist.

She is the pioneer in her art, and stands pre-eminent at the head; she has had thousands of imitators, but not a single competitor. Face Bleach is not a new untried remedy, but has been used by the best people for years, and for dissolving and removing tan, sunburn, moth, freckles, sallowness, blackheads, eczema, pimples, roughness or redness of the skin, and for brightening and beautifying the complexion, it has no equal.

It is Absolutely Harmless to the most Delicate Skin.

The marvelous improvement after a few applications is most apparent, for the skin becomes as nature intended it should be. SMOOTH, CLEAR AND WHITE, free from every impurity and blemish. It cannot be too much said that it draws the impurities out of the skin, and does not cover them up, and is invisible during use. This is the only thorough and permanent way.

For the present I will, as stated above, send a trial bottle of my Face Bleach to any one who will remit me 25 cents in stamps or silver. Madame A. Ruppert's Book, "How to Be Beautiful," which contains many points of great interest to ladies, will be mailed free upon application.
